

4. Peter helped Tabitha up and called the disciples and the women back into the room to show them their friend was alive again. This news spread throughout Joppa and helped many people to believe in the Lord.

1. In a place called Joppa, there was a woman named Tabitha, also known as Dorcas. She was known for being kind and helping others. She spent her whole life serving others, until one day she became ill and died.

3. Peter sent everyone else out of the room and knelt to pray. Then he looked at Tabitha's body and said, "Tabitha, get up." After he said this, she opened her eyes, saw Peter, and sat up!

2. Some disciples there asked Peter to come to Joppa, and he did. They took him to the room with Tabitha's body, and many other women were there. They were crying and showing clothing their friend had made while with them.
